FENGATE
Manufacturing Ltd

For a high quality finish to your home or premises, our ornamental range of steel fencing is the perfect solution.

Our range of ornamental fencing adds the finishing touch to your home, property or business.

Fabricated from high quality steel with a durable powder coated finish, our fencing range is an ideal solution for use in home frontages or your garden.

With a wide range of colours to choose from, we supply ornamental fencing in standard panel widths which are easy to install - or we can handle the entire installation project for you. We can also produce ornamental fencing to your specific individual requirements.

Our range of fencing is used in a wide range of applications, from new house builds to parks and gardens, offering a durable and aesthetically pleasing finish.

We are based in the Midlands but have the capacity and capability to supply and install UK wide.

Why not specify us?

We can supply you with complete technical support including drawings, diagrams and specifications of all our products.
